CONFEREES

Adjournment of Governors Parley Reported Near as Deadlock Holds

New Proposal on Water Said to be Acceptable But Power is Obstacle

BY C. A. JONES BY C. A. JONES

"Times" Staff Correspondent

DENVER, Oct. 3. (Exclusive)—

With another day's negotiations in
the governors' conference attempting
to settle the Colorado River problem
having produced no results, it was
reported from a reliable source tonight that the conferees will adjourn
tomorrow to meet later at Sacramento or some other city yet to be
chosen.

mento or some other city yet to be chosen.
California, Arizona and Nevada representatives continued their fruit-less arguments today over the hydroelectric-power question, which appears to be the stumbling block of the conference. The water question, it appeared today, might be solved if the other factor is taken care of, the governors of the upper basin States having worked out another scheme for the apportionment of water among the lower basin States which they think will be agreeable to all.

NEW PROPOSAL

ments containing the allocation to be appended to the bill, so that the seven basin States will send their Congressional delegations to Washington with orders to support the measure. California is expected to present some sort of offer tomorrow, upon which hinges, to a great extent, the success of the conference. Possibility of a recess tomorrow afternoon was reported tonight from reliable sources. Among the suggested locations for another try at an agreement is Sacramento. The conference now is in its fifth week, with nothing more definite concluded than an airing of a vast number of opinions.

POLITICAL TRADING REPORTS CASTIGATED WASHINGTON, Oct. 3. (P) - R (Continued on Page 2, Column 7)

> Will Rogers Remarks:

BURBANK, Oct. 3.-[To the Editor of The Times:] See our papers quote a sarcastic criticism from a British paper about our Legion boys' visit to London, saying "we've had enough of this Yankee flag waving." Now that was only one paper said that. That's like England saying "America's form of government is all cockeyed" just because they read in the paper where I had said it was.

Yours. WILL ROGERS. P. S. I will feel there's

something missing when I visit Tennessee next time. Monkey business might have gained Gov. Peay national prominence, but betional prominence, but being a real human being winings and signs caused some anxiety in the downtown districts.

MAMPAIGN FOR PRESIDENT TO GIVE UP | BRINGS MEXICO REVOLT

Liberty Under Law-Equal Rights-True Industrial Freedom

Gomez and Serrano Head Uprising; River Discussions Obregon Prepares for Battle; May End Today Outbreak Affects Army

> TAMPICO (Mex.) Oct. 3. (P)-The newspaper El Mundo late tonight received telephonic advices of persist-ent but unconfirmed rumors in Mexico City that government troops had taken prisoner and executed Gen. Francisco Serrano, named by President Calles as one of the leaders of the revolt, and Gen. Carlos A. Vidal, Governor of Chiapas.

MEXICO CITY, Oct. 3. (P)-The Mexican Presidential campaign may be decided on the battlefield. Two Presidential candidates, Gens. Arnulfo Gomez and Francisco Serrano, heading anti-relectionists or anti-Obregonistas, according to official statements have revolted, while the third candidate, Gen. Alvaro Obregon is ready to take the field against them.

Eight hundred soldiers and officers revolted in Mexico City this morning while similar outbreaks are reported from Torreon and Vera Cruz.

The Calles government claims to be in full control of the situation and promises punishment of the perpetrators within forty-eight hours.

Admission of the revolt of soldiers in Torreon and an atempted outbreak at Vera Cruz is contained in a statement issued by President Calles.

DISORDERS **GROWING IN** OHIO MINES

Officers and Nonunion Men Stoned by Crowd and Scores Arrested

today continued to haggle over the price California can pay to Nevada and Arizona, as the States containing the proposed plants at Boulder Canyon, and still deliver it at Los Angeles at a reasonable price. Arizona would like a mill per kilowart hour. Estimates indicate that the amortization price for the Federal government at the switchboard will be about 3 mills, while transmission to Los Angeles will cost about 1½ mills, with the necessity of erecting at additional cost a steam stand-by plant.

CAN'T AFFORD CHARGE

California cannot afford, according to report, to pay the mill to Arizona and still compete with power generated at the seaboard in steam plants.

Some discussion is being held as to whether, in the event of an agreement, a tri-State lower-basin compact should be written, or whether the arrangement obtained shall be written into the Swing-Johnson bill. The proponents of the bill wish amendments containing the allocation to be appended to the bill, so that the seven basin States will send their.

OREGON BATTERED BY GALE

High Wind Following Excessive Rain Results in Much Damage to Small Craft

ASTORIA (Or.) Oct. 3. (A)—Close on the heels of the heaviest rainfall here in years, a strong northwest gale today struck the lower Columbia River, causing considerable damage to small craft.

here in years, a strong northwest gale today struck the lower Columbia River, causing considerable damage to small craft.

The wind reached a velocity of to this morning in Cle-Rium, thirty from sixty-five to seventy miles an hour. Reports from North Head says the sea is getting rougher as the wind slackens, but that shipping has not been hindered.

A trolling boat was sunk at the Booth Cannery and two others were damaged at their moorings. A barge broke loose on the water front and damaged several net racks.

A fish-receiving soow broke loose, from its moorings inside the Columbia River entrance and was dashed to pieces on the south jetty.

Wire communication east of Astoria was interrupted and tonight the highway south of Seaside is covered by two feet of water.

More than four inches of rain fell in the eighteen-hour period ending at 6 o'clock tonight. This record has not been approached here in the past five years.

Streams in Clatsop county are reported tonight at flood stage.

LONGVIEW GETS ITS HEAVIEST RAIN LONGVIEW (Wash.) Oct. 3. (P)-

One chimney was blown over early today and a number of telephone wires were pulled down by falling trees. While no serious damage resulted from the strong wind and heavy precipitation, battering of awnings and signs caused some anxiety in the downtown districts.

for the next ten years or more."

Flyers Sought at Johnston Island

HONOLULU, Oct. 3. (P)—The mine sweeper Whippoorwill was 449 miles southwest of Honolulu at 8 o'clock this morning en route to Johnston Island to search for the missing Dole fiyers, said a message from the Associated Press correspondent aboard the vessel, Johnston Island is 826 miles southwest of Honolulu.

The Whippoorwill was ordered to go to the island by the Navy Department after members of the family of Jack Frost, pilot of the Colden Eagle, requested it. The Golden Eagle was the airplane entered in the Dole flight by George Hearst.

It is thought the plane may have flown beyond Honolulu and come down in the vicinity of Johnston Island. Navy officials said they wanted to de everything possible to find the flyers.

Interim Status of American Goods Undefined

WASHINGTON, Oct. 3. (A)-A study

of the French tariff note received

Negotiations Asked

Saturday tended today to strengthen the impression held by Washington officials that employment of the flexible provisions of the American Tariff Act, as suggested by the French, might answer their complaints against excessive duties.

Use of the flexible provisions, by which the President can raise or lower tariff duties based on the difference in costs of production here and abroad, appears to be all the French note requests in connection with establishing a basis for treaty negotiations which would give the United ops to the season of the flexible production in French markets.

At the State Department it was said authoritatively that this government is ready to investigate comparative production costs, without, however, pledging itself in advance of the result, and also to study existing administration of plant quarantine laws, the Pure-Food Act and even the Prohibition Act, so far as they might discriminate against French goods.

NOTE CONCILIATORY officials that employment of the flex-

REDUCTIONS DEMANDED

REDUCTIONS DEMANDED

The French memorandum cites the high tariffs on French exports to America and asks reductions "which simple equity suggests and upon which the French government must make dependent the granting to America of most-favored-nation treatment."

The memorandum says that France has no idea of "tariff bargaining," but simply of obtaining for certain articles of French export a tariff treatment less prohibitive than that now applied, in exchange for the particularly favorable regime of the French minimum tariff."

Quoting the French law of 1892, the memorandum says that "a minimum tariff may be applied to merchandise originating in countries which permit French merchandise to benefit from corresponding advantages and which will apply to them their lowest tariffs."

"This text provides expressly, therefore, that the absence of discrimination does not rufflet to justify the according of a minimum tariff, but that there must also be advantages that correspond to those given by the minimum French tariff," the memorandum continues. ARMY HELD LOYAL

"Eighteen thousand trained, loyal soldiers stand ready to step in and fill the places left by the 500 mutineers," Mr. Kelly said. "These men will back the present administration against a Gomes revolt because they are of the Labor party, which has indorsed the candidacy of Obregon. They know that if they are to reap the benefits of their newly acquired freedom they must go forward and to turn back."

The topic of Mr. Kelly's address was "Mexico, Present and Future." He traced the history of the nation during the last twenty years, showing the gradual rise of democracy and the overthrow of sutocratic power. Many of the benefits reaped by the people of Mexico were obtained through the overthrow of sutocratic power. Many of the benefits reaped by the people of Mexico were obtained through the organisation of labor, the speaker said.

"But Mexico is not ye? fully awakened," Mr. Kelly added. "The nation is just on the verge of the real awakening and during the next twenty years will make the greatest strides in advancement of any recognized nation of the world."

Mr. Kelly ascribed this to the improvement in educational facilities.

The French note rejects the fig-ures of the 1921 export trade as a proper basis of comparison because France ther was suffering, it de-

ment," it concludes, "the French gov-ernment does not doubt that negoti-ations immediately undertaken could lead to an enduring treaty protecting the interests of both countries."

**OLD WORLD** AND NEW IN RADIO LINK

President Coolidge and King Albert Pass Bouquets on Opening of Station

WASHINGTON, Oct. 3. (P) - King idge exchanged greetings by direct radio telegraph communication today

ened," Mr. Kelly added. "The nation is just on the verge of the real awakening and during the next twenty years will make the greatest strides in advancement of any recognized nation of the world."

Mr. Kelly ascribed this to the improvement in educational facilities. In 1906, he said, Mexico had approximately 480 schools, four universities, four colleges, and sixty-two grade schools.

In 1916, at the overthrow of Dias, Mr. Kelly stated, 90 per cent of the population of Mexico are illiterated in experiment to the proximately 17 per cent under the new system, he says.

Mr. Kelly called attention to the french note lies in its reference to Section 315-A of the American Tariff Act, which authorizes to change the minimum prench tariff, "the minimum prench tariff," the minimum prench tariff, and the United States. Their memorandum continues.

SECTION OF ACT CITED

This reduction can be made by the United States through "rectification made in conformity with Section and the variety and the United States through "rectification and the united States. I are interchange between Belgium another easy way of the American Tariff Act under which the tariff rates may be found to the proximately 17 per cent of the prench exportation a less prohibitive tariff incidence than proximately 17 per cent under the new system, he says.

Mr. Kelly called attention to the ference between the proximately 17 per cent under the number of the prench exportation at the present time by a rectification effects conformably to Section S15-A of the correspond to those give the minimum tariff, of obtaining for personal proximately 17 per cent of the prench exportation at the present time by a rectification effects of prench exportation at the present time by a rectification effects of prench exportation at the present time by a r

message from the Belgian people."
Replying, President Coolidge said:
"Your Majesty's gracious message
on the inauguration of the new radio
telegraph direct service between the
United States and Belgium is but another proof of the constantly increasing ties of understanding. To my
personal good wishes to Your Majesty I desire to add the afrectionate
greeting of the people of the United States to those of Belgium."

Reynolds Fails to Reach Home

to Consider Regulation

WASHINGTON, Oct. 3. (P)—With President Coolidge delivering the opening address, the international radio telegraphic conference will begin tomorrow.

The opening plenary session will be largely formal, the feature consisting of President Coolidge's speech to the 400 or more visitors. Count Henning Adolf Hamilton of Sweden, dean of the conference, will nominate Secretary Hoover, head of the American delegation, chairman of the conference.

The American delegation is understood to feel that agreement on the convention terms themselves will be a comparatively easy task. The Americans believe they will readily convince European countries now holding opposing opinions of the inadvisability of including in the convention terms themselves will be a comparatively casy task. The Americans believe they will readily convince European countries now holding opposing opinions of the inadvisability of including in the convention any clauses concerning the commercial operations of radio concerns aside from those essential for international regulation.

Santa Monica, Oct. 3. (Exclusive)—New York was the place which caused all the excitement when he disappeared and now apparently, Richard J. Reynolds, young millionaire son and heir of the late R. J. Reynolds, is going to let this city kick its beels until he gets ready to return the absence of twelve days when no one knew where he was until a detective agency found him in St. Louis last Tuesday is being capped by another absence equally as mysterious but not so exciting.

Since leaving St. Louis, ostensibly bound for New York, the excentric young man has not communicated with either friends or relatives.

STATES ASSISTED

AGAIN ASKED FUND AGAIN ASKED FUND

I issued a second call for an additional \$5,000,000 on May 2, and our country quickly responded. Without further request the Red Cross fund has now reached a total of over \$17,000,000. The money in hand is sufficient to carry the relief still required and the reconstruction plans, already under way, well beyond January 1.

AGAIN ARKED FUND

The past months have been times of the control o

cines and other emergency supplies. A fleet of 1000 boats, large and small, was used. It came from the Navy, the army engineers, the Coast Guard, the Lighthouse Service, and the Coast and Geodetic Survey under the supervision of the Department of Commerce, the Missiasippi River Commission, the Inland Waterways Corporation, and other sources.

The Navy contributed twenty-one airplanes, which covered a total of 100,000 miles, two tugs, sixteen radiosets, some motor boats, fifty-nine officers, and 185 men. In addition to the work of its Coast Guard, the Treasury Department put its Public Health Service to work on the many

Pirates and Yankees Radiate Confidence

Bambino First Out for Short Practice

Right Handers to Clash in Opening Game

BY ALAN J. GOULD Associated Press Sports Editor. PITTSBURGH, Oct. 3. (P)—If the

stoner Landis, arrived to give the scene a preliminary survey. How-ever, there was anything but a dark and gloomy touch to the spirits of the walloping Yankees, who reached the scene of the conflict this morning, or the at-titude of the Firates, reassem-bled again after their great fight for the National League pennant.

The opening game, it seems assured, will be a struggle between the two right-hand pitching aces of the contending clubs. Remy (Ray) Kremer, the California Comet, for the Sucs, and Waite Charles Hoyt, the Brooklyn undertaker, for the Yankees. Smith of the Pirates and Collins of the Yankees will be the opposing catchers in the opener.

Donie Bush, scrappy little Pirate chief, has committed himself definitely to Kremer as first choice, with Vic Aldridge, the Hoosier schoolmaster, slated for the second-game assignment. Miller Huggins, conceding some poundage to Bush in this battle of midget master minds, probably will start Hoyt, but he declined to commit himself definitely today PITCHERS' BATTLE

To "Carnation Lou" I am indebted for information on Jimmy Londos, which indicates the Helsenic champion is the Gene Tunnew of the wrestlers.

It seems that Jimmy's hangout is a gymnasium by day, a reading room by night, and that he nibbles carrots and nuts for the nourishment of the inner man.

man.
So far Jimmy has not made any speeches like Gene, but Jimmy isn't a champion yet, and can be said to be biding his time. Maybe Joe Steeher will break a tonsil some day, and Jimmy will inherit the mat title.

U.C. SOCCER DRAWS

LOS ANGELES BOYS BERKELEY, Oct. 3.—Among those who have signed up as candidates on the University of California soccer team are Albert Hilliard, 28; Donald Kohn, 30; Henry Morrison, 29, and Charles Pein, 29, of Los Angeles.

Additional Sports on Page 5, Part 1

## MORIARTY PICKS

duels.

In Kremer, Bush has an ace if there ever was one, and I look for him to make plenty of trouble for the Yanks. Kremer has an excellent curve and fast ball which he mixes diligently with a change of pace, but best of all he has an unmistakable pitching

WARNS YANKS

Meadows is another of the star type. He is a great curve ball pitcher, and that delivery may be a thorn in the side of the Yanks. During the last few weeks of batting practice, the Yankee batters purposely asked their own pitchers to feed curve balls to them because they expect more curves than fast ones from the Pirates' corps.

The Yankees are probably very much concerned about Carmen Hill and his style of pitching. I understand he depends mostly on his "screw" ball. This always was a very troublesome delivery for a slugging club to combat, and if Hill employs his tavorite siant with discretion, he may be able to slip the Yanks some weeping powders.

Vic Aldridge is strictly a curve ball pitcher, and has had a nice string of victories to prove hig worth this season. However, I do not believe Bush figures his chances of winning are as good as that of his other star hurlers.

hrees. I am picking the Tanks to win because of the prevalent reason, their terrific hitting ability. I saw them pound the star pitchers of Detroit and the other American League clubs all season. If the Pirate staff can subdue them it will be an achievement, and in all sincerity I shall be ready to take off my hat to them.

SLUGGERS TO CLASH ON OCEAN PARK BILL

Eight rounds of toe-to-toe slugging are expected fit the main event battle at Ocean Park Athletic Club Wednesday evening, when Al Krisb meets Bobby Fernandez at 126 pounds. Krisb is a main eventer from San Francisco, while Fernandez claims the featherweight championship of Mexico. These lads will mixit at 126 pounds. In the six-round semi-wind-up Baby Sallee of San Bernardine meets Midget Smith at 126 pounds.

Right Handers to Clash in Opening Game

(Continued from First Page)

major-league record of sixty home runs, the Babe is keen to knock over a few more records in the series. He ball today that indicated he worthave much difficulty maliops at the ball today that indicated he worthave much difficulty maliops at the ball today that indicated he worthave much difficulty finding the First club, to minimize the outfield target, has built its extra stands above and beyond the fences, instead of encroaching as in the past, on any of the field's playing space. The home club frankly admitted it was actuated by a desire to make it just as difficult as possible for the siege guns of the Yankees to break up any ball games with long-distance shots. Special permission to close the adjoining street was obtained to put up these extra stands.

Ruth, attired in an odd uniform that included gray pants and a white failty, and the stirt, was the first Yankee on the field and even the most rabid Pittsburgh partisan in the handful or onlockers could not repress a cheer at the sight of Big Baim.

There may be no intense desire among Firste followers to see the Babe break loose on a home-run splurge, but if the big fellow gets the range he will also get a cheer. St. Louis fans did not let home-town sentiment interfer: with their display of emotion last fall when Eath went on a rampage. It is not likely Fittsburgh crowds will be less prone to pay tribute to baseball's one and only Bambino.

Ruth, always the dramatic figure, is the hub of most comment as the clans gather from far and near for what seems likely to be as colorful a series as any in recent years. The famous Waner boys, Paul and Lloyd, are a source of keen fitterest because of the big part they played in bringing the Firste craft into the pennant port. There are almost as many wagers, as a matter of fact, on whether the Waners will outhit Ruth and Gehrig as there are on the teams.

YANKEES FAVORED

The Yanks have been and seem likely to remain slight favorites in (Continued from First Page)

YANKS TO WIN

(Continued from First Page)

dope. If they hit the ball according to form, Miller Huggins will not expect any more from his pitchers than they have shown all season. I would not be surprised to see the big plainsman, Wilcy Moore, on the rubber when the curtain rises. Buggins started Moore several times toward the end of the season, and as was very effective on all occasions, although he is primarily a "finisher."

Naturally the Yankee manager places a world of confidence in his "sinker-hall" pitcher, Personally I have come to the cenclusion that Moore is the greatest relief pitcher since the days of Ed Walsh. His weird delivery has stopped all the American League clubs, and I believe the Pirates will find him most difficult to hit safely, mainly becknee the National League has no such type of flurier. If Huggins opens with Moore, this will reveal his plan to use Moore as often as possible. Boyt or Pennock should be the choice to face the Pirates next, if Moore starts.

Done Hush Prosecules of his other than the was the was transpected and the hugain spins of the foul lines, especially in the tunal playing space back of the foul lines, especially in the tunal playing space back of the foul lines, especially in the tunal playing space back of the choice to face the Pirates next, if Moore starts.

Done Hush Prosecules of his other than the was the was transpectable to face the Pirates next, if Moore starts.

Done Hush Prosecules of his other white marker, the rival strategists gave close scrutiny to changed conditions today. Manager Bush and Capit Traynor, after a survey, stayed to get a speck at the Yankees, while

Workman diaregarded the downpour of rain to rush work on the
temporary bleachers, built up from
the center and right-field fences.
These stands accommodate about
4000 persons. The additional field
boxes, seating around 1500 more, lift
the field's total seating capacity up
to 48,000, as compared with the capacity of nearly 65,000 at the Yankee
Stadium.
Should the series go to seven
games, or even six, world's series records for attendance and gate receipts seem certain to be shattered.
The seven-game series last fall between the Yankees and Cardinals—
whose home ground. Sportsman's
Park, seats less than Forbes Field—
established the present record attendance of 328,061 and receipts of
\$1,207,884.
Should this series go the limit, it

81.207.884. Should this series go the limit, it would be possible for the attendance to exceed 380,000 and the receipts to be around \$1,500,000, still short of Tex Rickard's expensive boxing spectacles, but a mark unheard of in baseball history. U.O. TENNIS TOURNEY

Joshua Little ON CENSORSHIP

wherever it has been tried in this country censorship has proved a little less helpful than the veriform appendix. It's about as necessary to our well-being as a toothache. Every State has laws under which indecency, obscenity or anything subversive to public morals can be prosecute, and police to enforce them. To create boards of capsors means to create more jobs, more salaries and more interest. Censors always make the unseen obseene more seen.

Censoring the press would be al-

Gilfillan

THIS STORE invites you to hear the World's
Series on the great new Gilfillan, Model 70
—the instrument that has created such a sensation in all the radio shows this season.

That's one way to hear the World's Series. The other way, of course, is to have YOUR OWN radio party, with your friends present, in your own home. - And we will install the Gilfillan "Seventy" in time for the first game, if ordered at once.

Baseball, football, world news, concerts—this is the Busy Season on the radio waves, and every day without a good set like the Gilfillan is a day

lost. - Above all else, Gilfillan emphasizes beauty and purity of tone. You will be delighted with the Gilfillan. And how easy it is to operate!

No batteries—no acids—no chargers—no liquids—no fuss—no worry!

Just plug into your electric socket and tap the music and entertainment of the universe!

Any new model in the entire new Gilfillan line, from \$65 to \$685, can be bought for a small cash deposit, the balance over a convenient term of months.

And a radio set bought at this store is followed up! We don't just sell radio. We sell enjoyment.

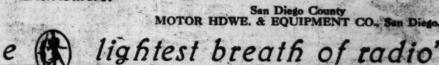

Ask for a demonstration of the Gilfillan Models at the following dealers:

m the making of the promises.

RECRETS HIS VOTE

The happens that the three members of Congress now in the parked Congressman Taylor of Colorado Congressman French of Idaho, and mysif—were all in Congress when the Histoh-Histohy grant was passed in 1913. All voted for it, and were feel to do so by the asserted need of cutres of continued for the with the Histoh-Histohy grant was passed in 1913. All voted for it, and were supply, as go should be continued for Mrs. Bill to the act as conditions, were all property rights held by the other with the understanding that a 2178,000 trust fund established years ago should be continued for Mrs. Bill to the act as conditions, which we trusted San Francisco to twill understanding by the difference of the late of the distribution of the Democratic National cases and those conditions, which we trusted San Francisco to failly will be curred over took the seep romises and those conditions, which we trusted San Francisco to failly will be curred over took they we trusted San Francisco to failly desirable in the waters of highly desirable can be considered by the seed to the government at mission to the Democratic National bave become law. Personally, I -green my vote for the act.

"Under the grant, San Francisco to failly desirable can green my continued to deed to the government at mission to the Democratic National bave become law. Personally, I -green my vote for the act.

"Under the grant, San Francisco to fulfilly desirable can green the couple last May." The clips of the seed to the government of all the seed to the government at mission to the Democratic National Committee, and here today. Committee, and here today. Committee, and here today. Committee, and here today of the bay to the fail to the direction and approval of the seed to the government of all the seed to the government and the committee to deed to the government of all the seed to the government of all the seed to the government of the committee to the committee to the committee to the committee to the comm

sonable, and not of the character contemplated by the act, or intended by the edity. I am advised that a prominent efficial at that conference went so far as to insist that these road and trail provisions in the act were merely for patrol purposee in park administration and that it was not the intention that the Hetch-Hetchy area should be opened to the public.

BRIDGE PLAN SNAGGED

HITS AT SANITATION

O'SHAUGHNESSY'S VIEW

O'SHAUGHNESSY'S VIEW

"The distressing thing, however, is that San Francisco not only seeks to escape from performance of its promised road and trail development of this great area, but has shown frequently a disposition to interfere with development of the area by the general public. Engineer O'Shaughnessy seems to have the feeling that San Francisco's use of the park is primary and the public use of the Tuolumne water shed is secondary. That was demonstrated last spring when notices were posted in the park prohibiting fishing in any waters above the intakes at Hetch-Hetchy reservoir, Lake Eleanor reservoir and Early intake. Press notices were given out that 'all camping and fishing in the water sheds of the upper Tuolumne region would be discontinued this summer.' That was an attemy to eliminate public use of over half of the Yosemite National Park.

"Under the Hetch Hetchy Act the city of San Francisco has no right to any sanitary restrictions whatever in Yosemite Park until its reservoirs are used for water supply, and they are not as yet so used. Even when so used there is nothing is the act to justify any interference with fishing or camping in the park. Those notices were withdrawn, but the unlawful and high-handed arbitrary interference with park administration and use were illuminating as to the results of O'Shaughnessy leadership in this matter. It has likewise been exemplified in many other ways.

HITS AT SANITATION

### LAD SENTENCED FOR LIFE

Murder of Girl 6 Years of Age After Attack Brings Severe Punishment for Iowa Boy

CEDAR RAPIDS (Iowa) Oct. 3. (P)—Lyle Messner, 14-year-old junior high chool student, was sentenced today to spend the remainder of his life at lard labor in Fort Madison State Prison for the murder of Kathleen Forrest . Sentence was passed late today by District Judge Moffitt after the yout had changed his plea from not guilty to guilty of first-degree murder, an

Action Against

had changed his pies from hot gattly to grave the fifteen witnesses testified in a hearing to determine punishment.

Lyle, who confessed that he dragged Several playmates of the girl told of the little girl into a vacant house next door to his home the evening by Lyle. The youth had disappeared of September 13, attacked and then till four days later. suffocated her, heard the sentence with no show of emotion. He will be taken to prison tomorrow, three weeks after the slaying. TELLS OF FINDING BODY

MOTHER HYSTERICAL MOTHER HYSTERSUAL
The youth's parents, who testified
their son is mentally deficient, were
affected by the verdict, Mrs. Messner
becoming hysterical and the father
denouncing the finding as unfair,
holding Lyle should have received a
sentence to the Anamosa Reformatory.

sentence to the Anamosa Reformatory.

Fifteen witnesses appeared at the hearing, including psychopathologists, officers who heard his confession and members of his family. Lyle was not placed on the stand. Dr. Thomas Brennan of the Psychopathic Hospital at the University of Iowa testified the youth is mentally deficient and subject to epilepsy, but on cross-examination admitted he had gotten most of his information from the body's parents.

Suspicion pointed to young Messioner soon after the girl's body was found in the basement of the vacant house the morning after the crime.

Simple did not know that he had killed in the had killed in the had killed in the had killed in the had being the child.

Lyle's father was arrested and held on suspicion of secreting the body to aid his son. The mother also was Brancisco. When pictures of the husband with aiding a criminal to capture of Prize confession, however, the parents were recent most of his information from the body's parents.

County officials had insisted they would sak the death penality, but following conferences with defense attorneys it was agreed that the lad prohibits the interstate transmission of prize-fight films.

To set precedent.

BOOK BIDS OFFERED

BOOK BIDS OFFERED

He informed the board also that the shands all professional members on the commission.

This was done because the commission faces the task of building a State course of study which he feels can be handled better by professional people, the superintendent informed the board also that the board all professional members on the commission.

This was done because the commission faces the task of building a State course of study which he feels can be handled better by professional people, the superintendent informed the board.

The ourriculum commission was appointed pursuant to an act of the last Legislature, which ruled that the body must be named to work out a "core" curriculum for the schools of the State. This curriculum when worked out, may be augmented by various school districts, but it will establish minimum requirements which may not be cut down.

The State Board also adopted the superintendent's recommendation that the new commission be authorized to investigate the desirability of various text-books to be used in carrying out the course of study arrived at. Supt. Cooper made the recommissional problems of pub-

Prince Denies Williast of Sweden, who includes lec-turing, writing and big-game hunting among his princely pursuits, arrived here today on the Swedish-American liner Gripsholin to complete a lecture tour of the United States. The Prince, who has been married and divorced, denied that he is en-gaged to a Swedish matron, adding that he "hadn't found his best girl yet."

#### FIGHT FILMS UP IN COURT TODAY

Right to Show Pictures in State to be Decided

Injunction Will be Asked Bar Interference

Law Declared to Cover Only Interstate Shipment

SAN FRANCISCO, Oct. 3. (Exclusive)—Arguments on an injunction application which will determine the legal status of the Dempsey-Tunney motion-picture films in California are scheduled before Federal Judge Kerrigan at Sacramento tomorrow. Eugene D. Bennett, acting United States Attorney, left for the capital tonight to represent the government in its contention that the exhibition of the films is illegal and to oppose the granting of an injunction which is designed to permit such exhibition.

The case is that brought by officials of the Capitol Theater of San Francisco. When pictures of the championship Chicago fight were placed on exhibition in the theater last week, the films were seized and seven members of the house staff, ranging from the manager down to the loce cream butcher, vers arrested. They were charged with conspiring

## The Smooth and Mighty Power of the Steam Engine

# High Compression Performance with any Gasoline

In converting waste heat to power, the new companion invention to the Super-Six principle accomplishes the ideal performance of the high-compression type motor that is sought through the use of special and costly fuels.

The Super-Six principle transforms what otherwise is destructive vibration into useful power. The com invention converts waste heat to power. Combined they afford the highest efficiency in power generation and transmission ever achieved within our knowledge. This makes Hudson the most economical car per pound weight in the world in the world.

No wonder such performance results have won for Hudson its greatest triumph. Hudson offers a genuinely new kind of performance. Drive it and you will know.

Standard Models (118-inch wheel

**BOARD ORDER TO WEAR SMOCKS** FLAUNTED BY 106 TEACHERS

DETROIT, Dct. 3. (P)—One hundred and six teachers in the village schools of Hazel Park, a suburb, fiaunted a recent order of the school board in that body's face today and appeared at their posts without smooks. An order issued by the board last week set today as the beginning of a rule requiring the wearing of smocks reaching not more than ten inches above the floor.

A number of the teachers in the vollage's one high school and four grade schools previously had worn smocks to protect their clothing, but

project to establish more stringent control of commerce in narcotics is meeting with considerable support in principle, although several delegates today criticised the scheme as impracticable in some points.

Telephone Operator With Burglar Trying to Cet in Back Door Given Nearly Every Wrong Number in Town Before She Reaches Police Station

CHICAGO, Oct. 3. (Exclusive)—

Retributive justice, baffled for years while telephone operators were handing out wrong numbers, finally has caught up with one member of that profession.

Miss Evelyn Modrow, an operator at the Montrose exchange, was awakened from sleep by a burgiar working on the rear door of her home with a chisel. Slipping quietly to the telephone she put in a call for the town hall police station.

"I want to talk with the captain," she whispered.

"Go as far as you like," said a seepy voice, "this is the Athens Cafe and they ain't no captain here."

On the next call Miss Modrow was hooked up with someone in Wilmette and manwhile the clank of a chisel is reported to be on his way east to imitteemen, will arrive for talks with here."

#### NEW RATE ATTACK BY RAILROADS

WASHINGTON, Oct. 3. (A)-Further roads today against the Interstate Commerce Commission decision reducing freight rates on California ducing freight rates on California fruit moving to the East. The decision already has been made the subject of general protest by the railroads most concerned and a delay of one month has been allowed before its provisions become effective. The protestatoday are by the Great Northern, Northern Pacific, Milwauke kee and Oregon-Washington railroads. In a joint petition they assert they did a considerable business in the eastward transportation of California fruit by routes traversing Oregon and Washington and contend that while the original decision applied specifically to rates maintained by the more direct southern railroads on transcontinental business, the northern lines also would be made to make the reduction.

## SPAIN ADMIT

Squelched With 200, Premier Sta

TUESDAY MORNING

EMBOSSED INLAID You've never seen a floor quite like it!

"How very unusual! Not a bit like old-fashioned linoleum!" ... No wonder that decorators enthuse over this new creation of Armstrong's Floor designers.

Here are the first linoleum floors with the desirable quality of "texture."

Touch them. They're actually embossed. The patterns are raised slightly in relief. Stand back and view the floor. The embossing throws interesting shadows between the tiles. Now look closely at the pattern. The designs are so worked out that no pattern-repeat offends the eye. Walk on these floors. Your feet tread on comfortable, springy linoleum.

Armstrong's Embossed Inlaid Linoleum is offered in a wide range of motifs—from large ashlar tiles to small hand-craft patterns. Yet Embossed Inlaids are only one of the new floor effects in the Armstrong Fall Display now showing at local housefurnishing, department, and linoleum stores.

SURPRISE FOR ALL

Just where McCall stood was not made plain until the now famous Jeff Calloway flogging case arose in Blount tounty. The anti-Kian newspapers raised a great howl over this crime and McCall trained his guns for action. Everybody was surprised at the energy manifested. He went after the floggers hammer and tongs and the psychology of the cocasion caught. Judge Steel, who showed evidence of bankbone unmatched on an Alabama bench since the Kian got its strangle-hold on the State in 1921. As a result, swen men were convicted.

McCall then jumped into the Jefferson county mob outrages with the result of the Worthington trial has been recorded. Up to the immediate that eleven indictments were returned by the inquisitorial body sittings in Birmingham. These indictments were in the cases of Arthur Hitt, negro: Lowell Dalton white, and Matthew Drew, negro. Hitt was a landowner. He was unmercifully flogged one night and told to sell his force of the First Presbyterian Church for the strong lower in the strong lower in the strong lower in the first Presbyterian Church for the church is said to have made forts to outs him, but in so far as the public knows he's still an officer and ceacher in the church. The indictment of Worthington trings and the cash was they worthington to Kingdom in Birmingham. James Esdale, titular head of the Alabama bench since the Kian give head compared with Worthington ton, a man feared by men inside and outside the order. Just how well McCall will succeed in his fight on Birmingham floggings will be told when the result of the Worthington trial has been recorded. Up to the time McCall took hold Birmingham was the real hotbed of mob outrages and convictions have been rare.

THIEF'S CHURCH HAUL LABGE
SEATTLE, Oct 3. (P)—Five humming the public has been recorded. Up to the time McCall took hold Birmingham and Matthew Drew, negro. Hitt was a landowner. He was unmercifully flogged one night and told to sell his

WASHINGTON, Oct. 3. (P)—The nursery rhyme about Mary and her little lamb was given a new twist today when Jessie and her little monkey went to school. While Mary apparently was followed stealthily by the lamb, Jessie had permission from her teacher to take her pet to class. The rest of the story runs about like that in the children's book.

Jessie, 14 years of age, has a whitenced monkey named Baby which her father, Andrew T. Campbell, a marine engineer, brought her from Africs. To gratify a desire of her teacher, Jessie took Baby to Mac-Farland Junior Righ School today and tied him to the teacher's desk while she went to another classroom.

BUSINESS: The General Vending Corporation owns or is about to acquire all the issued and outstanding capital stocks and funded debt of the following companies: Peerless Weighing Machine Co. (Maine), Peerless Weighing Machine Co., (Maine), Peerless Weighing Machine Corp., (California), Rhodes-Hochriem Manufacturing Co., (Illinois), and Hoff Vending Corporation of America (Delaware).

Through these subsidiaries, it will own and operate automatic penny scales and Hoff gum vending machines, and will manufacture or control the patented mechanism essential to their operation. It will also own: 1. A contract extending to the maturity date of these bonds with the Wm. Wrigley, Jr., Company whereby Hoff. Vending Corporation of America is appointed the authorized distributor for the vending throughout the United States of Wrigley Heands (Fenne P. K. Chewing Sweet, Spearmint and Juley Fruit Short-Tab Vending Gum.) of Fenny Chewing Gum in coin-controlled vending machines, except for certain locations covered by old contracts, which do not conflict with business of the cor-

EARNINGS: For the year ended May 31, 1927, the Consolidated Companies report gross income \$3.242.842.92, and net earnings available for interest \$959,163.23, as certified by Haskins & Sells, equal to 3.55 times maximum annual interest charges on these Bonds. SECURITY: These Bonds, in the opinion of counsel, will be secured by a pledge with the Trustee of the entire outstanding capital stocks and funded debt of all the above mentioned subsidiary companies. The properties of these companies, based on the appraisals of The General Valuations Company and the audit of Haskins & Sells, are valued at \$10,432,489, equal to \$2,318 per \$1,000 Bond.

STOCK PURCHASE WARRANTS: Warrants entitle holders to purchase common stock

The above construed are believed by us to be accurate but are in no event to be construed as representations by us. Legal opinion: for F. J. Lisman & Company and B. J. Van Ingen & Company, Cravath, Henderson & De Gersdorf; for the Corporation, Metcalfe & Branch, New York.

These bonds, with stock purchase warrants attached, are offered by us when, as and if issued and received by us and subject to the approval of counsel. Delivery will be made in the form of interim certificates or temporary bonds exchangeable for definitive bonds when ready for delivery. Price 981/2 and accrued interest to yield about 6.20%

THE ANGLO & LONDON PARIS NATIONAL BANK, TRUSTER EXEMPT FROM PERSONAL PROPERTY TAXES IN THE STATE OF CALIFORNIA

been made to have these bonds certified as legal investments for savings banks and brad

MAXIMUM ANNUAL INTEREST REQUIREMENTS ..... \$210,000 O . TOTAL Annual Rentals Are Three Times Maximum Annual Interest Requirements.

PROPERTIES Paramount Properties Incorporated, a California Corporation, is a wholly owned subsidiary of Paramount Famous Lasky Corporation and is the owner in fee of The Metropolitan Theatre, store and Office Building, situated on the Northeast corner of Hill and Sixth Streets, Los Angeles, facing Pershing Square, with a ground frontage of 23 feet on Hill Street and of 154 feet on Sixth Street; this property is considered one of the most desirable business locations in Los Angeles. The Metropolitan Building is a six-story, modern, steel and concrete, Class "A" structure with basement and sub-basement and derives an annual revenue of approximately \$180,000 from the rental of that portion of the Building which is devoted to Stores and Offices. The Metropolitan Building is 95% occupied.

The Paramount Studio Properties, a rectangular block of land in the Hollywood Section of Los Angeles, embracing 25.65 acres is owned in fee by Paramount Properties Incorporated, and has been fully developed as the principal production plant of Paramount Famous Lasky Corporation. This Property is within the area bounded by Santa Monica Boulevard on the North Van Ness Avenue on the East; Melrose Avenue on the South; and Gower Street on the West. This is one of the largest and most valuable unsubdivided holdings within the highly developed sections of Los Angeles.

APPRAISALS The Real Properties held in fee under the terms of the Trust Indenture securing these bonds have been appraised by John P. Kennedy, Appraisal Engineer, at \$7,344,421, the land value alone being considerably in

LEASES That section of the Metropolitan Theatre, Store and Office Building which is occupied by The Metropolitan Theatre has been leased to Paramount Famous Lasky Corporation at an annual rental of \$250,000. The Paramount Studio Properties have been leased to the same Corporation at an annual rental of \$200,000. The present market value of the outstanding stock of Paramount Famous Lasky Corporation as indicated by current quotations on the New York Stock Exchange is over \$72,000,000. These leases, which have been assigned to the Trustee and which extend over the life of these bonds, provide that the rentals shall be paid irrespective of partial damage to or total destruction of the properties from any cause whatsoever. Additional rentals from the Stores and Offices of the Metropolitan Building amount to approximately \$150,000 a. Washington and the stores and Offices of the Metropolitan Building amount to approximately \$150,000 a.

SECURITY These bonds, issued in the amount of \$3,500,000, will be secured, in the opinion of counsel, by a FIRST CLOSED MORTGAGE on both The Metropolitan Theatre, Store and Office Building (both land and building) and the Paramount Studio Properties (land, buildings and improvements), as well as by the assignment to the Trustee under the Trust by Title and other Insurance deemed to be adequate. The Statute of Limitations with reference to stockholders liability arising out of this bond issue has been irrevocably waived.

PURPOSE
The proceeds of this issue will be used to complete the purchase of the Paramount Studio Properties:

OF ISSUE
reimburse the Treasury for other capital expenditures; and to call the outstanding \$1,604,000, First Moreovering the Metropolitan Theatre, Store and Office Building.

LEGALITY All legal proceedings in the creation and issuance of these bonds have been approved by Messrs. James, Pack Smith & Younkin, Attorneys-At-Law, Los Angeles, for the Company, and by Messrs. Gavin McNab, Nat Schmulowitz and Ernest L. Brune, Attorneys-At-Law, San Francisco, for the Underwriters.

MATURITIES \$150,000 Due Each Year September 1, 1930 to 1941, inclusive. \$1,700,000 Due September 1, 1942.

# Buy EDISON SECURITIES and Hold Them!

THE consensus of opinion in the Financial Press of America is that, due to the tremendous supplies of money on hand, investors, over the next few years, will be satisfied with an average return of 5% on high grade securities. Should these predictions materialize, holders of Edison securities would be in an even more enviable position than at present.

For example:

Edison 7% Preferred on a 5% basis would sell for \$35.00 per share. Edison 6% Preferred on a 5% basis would sell for \$29.75 per share. Edison 51/2% Preferred on a 5% basis would sell for \$27.50 per share.

For a Safe Investment, Buy Edison Securities and Hold Them

EDISON 512% PREFERRED STOCK (Authorized by the Railroad Commission of California)

> \$2375 per Share for either Cash or on the Installment Plan

#### STOCKS RECORD **FURTHER GAINS**

Chesapeake and Ohio continued its sensational advance by climbing nearly 10 points to a new record high at 218 1-2, later reacting to 216 on profit taking. Chesapeake Corporation, which sold as low as 64 3-4, earlier in the year, touched a new record high at 64 1-4 or more than 4 points above Saturday's close. New York Central crossed 170 for the first time since 1901.

Other rails to break into new high ground for the year or longer included Canadian Pacific, Illinois Central crosmon and preferred, Union Pacific, Nashville, Chattanooga and St. Louis, Chicago and Northwestern preferred and Norfolk and Western. Texas and Pacific, a recent strong spot, fell back more than 3 points, and a further recession took place in Erie common.

OILS APATHETIC

Extension of the Seminole curtailment agreement for another thirty days failed to have any influence on the oil shares which have been under the depressing influence of a sharp increase in production in the West Texas fields, General Motors, (old stock) regained its former piace as a leader of the industrial group by climbing 9 1-3 points to 277 1-2, a new high record, on President Sloan's prediction that 1927 earnings would better those of 1928 the new stock advanced more than 4 points to 138 7-8. The long list of new highs in the industrial group included American Shipbuilding. Bush Terminal, Commonwealth Power, Cushman's, Cuvamel Fruit, Homestake Mining, May Department Stores, North American Company, Stewart-Warner and United States Leather.

Electric Refrigeration, which sold above 850 a share less than two years ago, ank to a new low at 10 3-4. American Water Works (new) a recent strong spot, fell back more than 3 points and conspictious heaviness also was shown by Case Threshing, Eastman Kodak. Kraft Cheese, Tobacco Products and United States Castiron Pips.

Time money and commercial paper rates were unchanged.

Wheat prices advanced about a cent a bushel, but other commodity markets showed little net change. Cotton was slightly lower and confee and sugar quotations were practically unchanged.

Firmeness of sterling exchange, cables on London ruiter and confee and sugar quotations were practically unchanged.

in any of the present producing fields, which are all past the peak of their development.

Conversely a substantial reduction is to be expected in many localities.
The Seal Beach field, which is given credit for about 70,000 barrels a day at present, is figured for a slump to perhaps 80,000 barrels or even less within the next three months. That decrease alone would drop the State's production to around 615,000 barrels from its present level of 635,000 barrels a day.

But the canny statisticians figure that there will be some increases of production in the Kern county fields which will help to hold the total up and get back to their estimated rate. Wh. Redsail, Whittier 7.50 Greenses, by calculating on smaller rates of decline in some of the clief, WD, Sunkist, Placentia 4.50 Company, Missien, JF, Sunkist, State 1.50 Company, Missien, JF, Sunkist, State 1.50

The Holly Devolopment Company, which has been trying to develop an eastern extension of the East Coyote Hills field for the last six months, has stopped drilling on its Barnett No. I at 4800 feet and will plug the well back, according to field reports. The well had good showings at about 2500 feet, which ware given a hasty test at the times when they were found, and at at understood that the well as about hair a mile beyond production and its successful complettion would add about 100 acres to the proven area of the field.

Completed—and Burned

The Richfeld Oll Company learned about ou of the ways in which the slip between the cup and the lip may occur yesterday when its Bernstein No. I suck as the ways in the slip between the cup and the lip may occur yesterday when its Bernstein No. I was a survey of the ruins yesterday when its Bernstein No. I will at Signal, and immediately caugh fire from a neighboring rig find burned to the ground.

A survey of the ruins yesterday when its Bernstein No. I well at Signal Hill came in an an estimated; rate of 600 barrels a fay, and immediately caugh fire from a neighboring rig find burned to the ground.

A survey of the ruins yesterday from a depth of the survey of the ruins yesterday when its Bernstein No. I will at Signal Hill came in an an estimated; rate of 600 barrels a fay, and immediately caugh fire from a neighboring rig find burned to the ground.

A survey of the ruins yesterday from a depth of the survey of the ruins yesterday from a depth of the survey of the ruins yesterday from a depth of Se25 feet.

#### Oil Curtailment Pact Continued

TULSA (Okla.) Oct. 3. (P)—Opera-tors of the Seminole Oli area agreed today to continue their curtailment program for another thirty days. The present agreement will expire the 5th inst.

The cuttailment agreement which was ratified by the Oklahoma Cor-poration. Communication early in Aurorat was ratined by the Okiahoma Cor-poration Commission early in August and issued as an order of the com-mission, restricts production in the area to 480,000 barrels a day. Restrictions on the drilling of wells, which were included in the original agreement, were omitted from the new pact.

City Steam Plant at Harbor The Southern California Edison Company yesterday scored another vic-tory in its taxpayers' suit to enjoin the Bureau of Power and Light from building a steam-powered electric generating plant at the harbor when Judge Tappaan of Superior Court denied two motions to modify a temporary in-

building a steam-powered electric generating plant at the harbor when Judge Tappaan of Superior Court denied two motions to modify a temporary injunction already in force.

With the denial of the motion, Judge Tappaan ordered the case to go to trial on its merits, and it is expected the balance of the week will be taken in disposing of the legal issues involved in the case.

REGHT ATTACKED

The Edison company's suit is based on the ground that the Light and Power Bureau has no right, under the city charter, to erect a steam plant from a private budget appropriation, and it is pointed out that the taxpayers of the city already have voted down a proposed bond issue to raise funds for the project.

In splite of this vote of the taxpayers, it is said the Light and Power Bureau went ahead with its plans to construct the plant and attempted to engineer a financial coup to cover building expenses by getting the City Council to make a budget appropriation for the plant.

SUES AS TAXPAYER

In its actions to modify the presented to strain for the plant.

Trial of the case to modify the presented to might be resumed this morning.

Cabinet Member Favors Higher Tariff on Certain

Commodities to Protect Industry

Arriving in Los Angeles for a four-day visit which will be featured by his appearance betdre the American Federation of Labor convention now in seasion here, Secretary of Labor James J. Davis began a busy program yesterday.

The Cabinet officer was greeted at the intervence of the Loyal Order of Moose, with which organization he holds a national position as director-general.

Testerday noon Secretary Davis devoted his time to close personal friends and city authorities who attended a luncheon in his honor as guests of District Judge Henning at the Biltmore. The luncheon was an informal affair and was featured by the total absence of speeches or talks. Among those strending the nuncheon beside the host and Secretary Davis, were Mayor Cryer, William Green, president of the American Pederation of Labor; Representative Fretericks, Albert Commerford, Ward Davies, Louis M. Cole and other personal friends of the distinguished visitor.

VISITS WITH FRIENDS

Pollowing the luncheon Secretary Davis visited with friends and later in the evening was guest at a dinner.

Harry Carr

HER MARKETS THREATENED
In other ways, England faces
an uncomfortable future.

For many generations her stock
in trade has been cotton goods and
coal. The rapid development of
hydroelectric power from the mountain streams of Italy and OsechoBlovakia is a serious threat to England's world trade.

SICK NATIONS

smatched from the death grip of the high Sierras today after they had been trapped overnight on a high ledge in a canyon about fifteen miles north of here.

Omie Mairs, 16 years of age, and Ray Mairs, a cousin, 21, went deer hunting in the mountains Saturday night. Sunday, while crossing a ridge, they slid, jumped and fell down the side of the canyon wall until they suddenly found themselves on a ledge with a sheer drop of about eighty feet to the bottom of the canyon. They could not climb back.

Being experienced in mountain work, they kept their heads. They spent the night trying to keep warm by a small blaze with a meager wood supply, and heating rocks to keep warm on when

# BULLOGKS BASEMENT STORE

# 800 Dresses Exploitation Values Wednesday (not today) \$12.75

JUST unpacked! fresh from their wrappings! 800 beautiful new dresses—specially purchased for this Wednesday of Bullock's Basement Exploitation Week —— values successful beyond expectation, presenting the lure and charm of higher-priced frocks at \$12.75 Wednesday.

A fortunate purchase, indeed! You will agree, when you note the quality of the materials—the newness of the styles—the unmistakable air, the correctness of line and color. And when you try them on, when you view with your own eyes the becomingness of these dresses, you will not be satisfied with one dress at \$12.75; you will want two—or more!

At such a price, quantity buying is thrift!

The fabrics are lovely. Flat crepes, with a rich, dull sheen. Satins, lustrous, gleaming. Wool crepes, one of Autumn's favored fabrics. And jerseys, softly supple, beloved of slender youth.

All the best of the new style trends are pictured here. The straight-line models—tailored but not austere. The youthful two-piece effects, for class-room, office, street and sports wear. Afternoon dresses, graciously feminine, in circular and draped effects.

The new necklines. The new sleeves. The modish "tight hip" trends as well as the slenderizing straight lines.

And note well! Many beautiful dresses for the larger figures—dresses youthful, smart, becoming. Exploitation Values Pre-eminent.

The correct shades in reds, browns, greens, blues, navy and black.
In sizes from 14 to 46 at \$12.75 Wednesday (not today.)

not the first wealthy young man who donned incognite to escape beredom and see life. Haroun Alraschid, the Caliph, tried the same stunt in Bagdad a few centuries ago with the delightful "Arabian Nights" as the result.

THE PATIMAS.

A handsome Turkish actress has been given a contract by a prominent French producer. This is thought to be the first time that a Turkish sultana has found a place on the international stage. The Fatimas have hardly been out of the harem long enough to get used to the spot lights.

SCIENCE AND PEACE President Coolidge in his telephonic message to President Calles reminded him that science in facilitating communication between nations—such as the new service just inaugurated—was a great factor in promoting peace. Science is the chief weapon moting peace. Science is the chief weapon of peace as well as of war. The world is constantly contracting. Distance and time are being wiped out. Getting together is becoming an easy matter. The latest record for airplane speed is near five miles a minute, with much greater speed indicated. How long would it take M. Briand of France to fly to Bucharest if his presence were

CHANGING RUSSIA

The world has learned to distrust any dispatches coming from Russia, but there appears some ground at least for crediting the report that Leon Trotaky has been expelled, by unanimous vots, from the Communist internationale. It is not the first report of Trotsky's downfall, however, and it will be recalled that Lenin was reported dead many times before the event actually took place.

Since the Eussian revolution, a storm which had been gathering for years, burst in 1917, there have been many changes, most of them from bad to worse. Of late, however, the changes have appeared to be working a gradual betterment, perhaps because progress in the other direction was no longer possible. When a man or a nation has reached the bottom there is no way to go being.

Lenin was the great apostle of Marxian Communium and of the dictatorship of the proletariat, and Frotsky as head of the Red Army was his principal supporter and righthand man. The dictatorship of the proletariat seemasto have dictated itself out of a job, however. The factory workers, a small minority in predominantly agricultural Russia, selead power, and by attempting to nationalize the factories succeeded, instead, in abolishing them. With industry fallen to pieces, the organisations of factory workers ould not survive and Joseph Stalin, a representative of the great peasant class, established himself at the head of the gov-

TUNNET'S HIGHER AMBITION

Gene Tunney is quoted as saying that as soon as he has made his million and become financially independent he hopes to make a definite valuable contribution to the back than 1850. Successive business crises wantever else they have done, the installment men have done us one tremendous service. They have proved beyond cavil that no matter how some of us whine and pretend to be pessinistic we are most of us incorrigible optimists at heart.

Who's News:

Weeing that a casual morning call from the Prince of Wales gave rise to an internationally circulated cablegram, every publicity agent will now believe that his own motion-picture client ought to have a headline and a front-page story if he should visit a breakfast club.

The heavyweight champion refuses to be a common "pug." He takes the jibes and "ransing" of the ring-followers who want a lasther-neck champion of a more vulgar sort as nouchalantly as he might receive a feeble punch from a spiritualistic convention, "through the agency of a form of matter created by mind." If most tor which he has mapped out for himself at "Rappings of ghosts are possible," declares a Paris press dispatch from a spiritualistic convention, "through the agency of a form of matter created by mind." If most of us could create that sort of matter we would not waste it by turning it into tables for ghosts to rap on.

The word of the succeeding in giving the impression that he is a good American with a heart and mind for better things than swapping punches.

AND OF KEPT PROMISES

Let The most recent report of the National Industrial Conference Board shows that the industries of the country are strong and that the demand for products is normal for the season. As the president of the conference board says, "When variations in employment, wage earnings and wage rates are of such a trivial nature as they have been in the industries of the United States during the past two years, the barometer of business activity as a whole may well be said to register no change in fundamental conditions."

Early Thanksgiving seasons in the United strong to fall time. Since then the leaders to has shown a steady decline, losing members year by year. A year ago the membership stood at 2,813,00.

These figures show unmistakably that until the beginning of the present decade, the gains of the federation were prosperity gains—in other words, the rise of the federation accompanied and followed, instead of preceding and causing, better conditions for workingmen. But with 1920 a new era undership that might have been expected to follow the recovery from the business slump of 1921, there has been a steady decrease. The year 1926, the most prosperous

Early Thanksgiving seasons in the United States were devoted to thanks for bountiful crops, but in this period of balanced eco-nomics the industrial side of national pros-

The New Hall of Fame

ident of the American Federation of Lamembers in a union after they once have joined, give rise to the inescapable conclusion that the supposed benefits of unioniza-tion to the workingman are largely

The discovery of gold in California and the business boom that followed caused lafeel that I can find a thought of genuine value to give to the growing generation. I feel that I will find the way to bring this thought to the clear understanding and appreciation of our youth. Somehow I feel that my success as an athlete has been fated as merely a stepping stone to the more important work that there is still before me."

That a world's champion heavyweight puglist should take a fortune punched from the ranks of puglism and devote it to the welfare of American youth is not as inconvenients. chinists weathered the storm the best, re-taining a full third, but the cigar makers lost four-fifths and the coopers six-sevenths. Better times in the '80's brought another revival, and the federation started off with a membership of approximately 316,000, acnore conservative estimates. Various ups and downs, following the business curve rounded out the century and 300,000 was the estimated membership in 1899.

a swift upward swing and claimed union membership in 1904 was 1,650,000. At the beginning of the World War in 1914 it was 2,000,000, rising to 3,050,000 by 1919 and just under 5,000,000 in 1920—the high-water mark of all time. Since then the federation has shown a steady decline, losing

crease. The year 1926, the most prosperous in the whole history of the United States

constantly contracting. Distance and time are being wiped out. Getting together is becoming an easy matter. The latest record for airplane speed is near five miles a minute, with much greater speed indicated. How long would it take M. Briand of France leaving to Bucharest if his presence were needed? When statesmen who guide the destinies of nations can thus easily contact, all sorts of knotty diplomatic tangles may be more easily fronced out.

It may not be necessary even to do any traveling. Television has shown the world that the maying image of a speaker hundreds of miles distant can be transmitted along with his words. Undreamed of possibilities lie dormant in this discovery. One of the sidvantages of the League of Nations is that statesmen can get together and talk it over. With the recent discoveries they do not need to go to Geneva for that purpose.

Comparison in industrial ide of national prospective of the many transmitted again, it seems, Thanksgiving approaches the war years were unionism's undoing. It was then easy to persuade workers to pay tees and dues and the organizers made big money; but the workers soon learned that they had been bunked, and they have passed the work along.

SMAPPT PATTER

The reverse, of course, would have been the case has designed at the corganizatio

STOPPING THE STOPS pregnant suggestion to the City Council when it intimates that like many other good things that too much can be had of are boulevard stops. The idea of giving through traffic the right of way over local traffic, which is the basis of the boulevard stop scheme, is grounded in common sense, street there should be assurance that it is capable of carrying enough fast through traffic to justify it.

A case in point is Pico street, which the Traffic Commission may or may not have had in mind. Pico is an important artery had in mind. Fice is an important area, without doubt, but downtown it is comparatively narrow and bears upon its turbulent surface a good many street-cars. It is doubtful if there is any block upon it east of Western avenue on which a motor vehi-cle can make much headway with or with-out the assistance of a boulevard-stop rule. West of Western it becomes an avenue to the beaches upon which rapid progress is possible. Yet the whole of it has been made a boulevard-stop street, though in the down-town area a boulevard-stop is more of a

The southbound motorist on such a street street-car traffic, finds not much to impede his progress in the northern portion. Sunset and Beverly boulevards are many blocks apart, and it is a comparatively long jump from Beverly to Wilshire. But then he hits in a space of a few blocks Pico, Venice and Washington, and begins to wonder where the promised benefits of the boulevard-stop

Instead of adding to the number of streets in the list the Council might be able to expedite traffic by striking some off.

NOT MUCH TO WORRY ABOUT By James J. Montague

Where is little Dollie
Who plunged in dark despair
Her poor old dad the day she had
The barber bob her hair?
She married very happily
A year ago last fall—
The devil didn't get her after all.

Where is little Mollie

Whose mother's heart she broke, The awful day she hid away And took a quiet smoke? She makes a very decent chap A very loving wife, For smoking didn't seem to wreck her life

Where is little Polly Whose knee revealing dress Some years ago was said to go Along with wickedness?

And what of modern maidens
Whom dour reformers think,
And grimly say are poised today
Upon destruction's brink? The Devil doesn't stand much chance
With all his wiles to get
These open eyed young women in his net. [Copyright, 1927, by the Bell Syndicate, Inc.]

A FABLE

BY JENNIE VAN ALLEN Once there was a Field where

The Rancher saw this wonderful Blade of Grass with its sprangly, purple tassel upon its head, and cried aloud: "That Blade of Grass is far "That Blade of Grass is far above the skyline of all the other Blades of Grass. Oh, that they had not been stunted! Oh, that they had worked with root and branch to be as big as this mighty giant. If they had his energy and pluck. I would have tons and tons more hay in harvest time!"

At last the reapers came and cut wide paths through the himmering blue-green sea.

Millions and millions of Blades of Grass lay on the ground.

The sun turned them into shining gold.

The sun turned them into shining gold.

They were bound with wire into great bales and loaded onto cars and onto ships that carried them to the uttermost parts of the earth. As they traveled, the Big Blade of Grass lay in his golden bed.

But his back, that had been so straight and proud, was broken.

The drops of water in his joints were dried and his strong stem was harsh and brittle as the branch of a dead thistle plant.

One day when he was far, far away from the shimmering bluegreen sea, where he had dreamed his dreams of greatness, men came and opened the bale of fragrant hay where the Big Blade of Grass had lain so long, and fung him with the sweet, tender grass into a manger.

But as she swallowed him, she

aid to herself:

"Oh, he's not like other Blades of Grass!
"He's so tough!
"I don't like the taste of him!
"He tickles my throat!"

eodore Grady, Jr., Secy.-Man

Theodore Grady, Jr., Secy.-Man.

Pre Bono Publice

LOS ANGELES, Sept. 30.—[To the Editor of The Times:] I wish to bring it to your attention in the interest of public welfare regarding the Julian Petroleum muddle that the newspapers of this city start a campaign to induce the public generally to use the products of this concern. This is one important way by which this concern can be saved from failure. It is unthinkable that bankruptcy should be permitted. Much poverty would be caused and further fuel added to the fames of discontent and Bolshevism if failure comes. Foreign distrust and dislike would increase toward America as many Japanese are stockholders.

The State of California is in a measure to blame for permitting a concern of this kind to measure.

Once there was a Field where millions of blades of grass were growing.

Every blade of grass thought he was going to live forever and that his beautiful Field would always be a shimmering sea of blue-green water.

The State of California is in a measure to blame for permitting a concern of this kind to manquer ade as "legitimate." There is every reason why this corporation should be made solvent and I believe it the duty of every patriotic citizen to do what he can in the interest of city and State which are bound to suffer if collapse occurs.

One day a Biade of Grass, who thought he was so smart, said to himself:

"All these Blades of Grass are dwarfs.
"They have no ambition to rise in the world.
"They are content to hug the ground.
"I will show them how tall a Blade of Grass can grow."

Because he was in a fertile spet, he thrust his roots down in the wet earth and raised his head high above his fellows.

Soon his stem was as full of joints as the spine of a strong man. In every joint was a drop of water that helped him grow strong and tough.

The Rancher saw this wonderful man to though the first census taken in 1790, from which it appears that the will settle down to the first population as shown by the first census taken in 1790, from which it appears that the will settle down to the first he through the first census taken in 1790, from which it appears that the will settle down to the whole white population, and he pertinently asks what fremendous role till limit has a fill of joints as the spine of a strong man. In every joint was a drop of the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in 1790, from which it appears that the will settle down to the first census taken in

Irish, few in numbers as they were, should be accorded all the more credit, if Washington's assertion as to the part they played was justified by the facts. We find Washington's statement supported by no less a loyalist than Joseph Gailoway. (See New International Encyclopaedia, 2nd Ed. Vol. 9, P. 424.) In numerous letters and pamphlets written by him at the time he bitterly charged that the Irish composed the most numerous element in the robel army.

Testifying on cath before a Parliamentary Commission in London in 1779, as reported in full in the Royal Gasette for that year, in answer to the question, That part of the rebel army that enlisted in the service of the Congress, were they chiefly composed of natives of America, or were the greatest part of them English, Scotch and Irish?" Mr. Galloway replied, "The names and places of their nativity being taken down, I can answer the question with precision. There were scarcely one-fourth natives of America; about one-half Irish; the other fourth were English and Scotch."

The Royal Gazette for the year mentioned is in the Congressional

The Royal Gazette for the year mentioned is in the Congressional Library in Washington. MOLLIE BARRY.

MOLLIE BARRY.

Historical Fictions

SANTA MONICA, Sept. 28.—[To the Editor of The Times:] The contributor who quoted Washington is evidently not familiar with American history. It is dollars to doughnuts that the Father of his Country never said: "Were it not for the Irish we never would have gained our independence." It will be found that there were not more than 25,000 Irish in the United States at that time. This story is purely a piece of fiction, It is on e par with that other claim, equally misleading, that Columbus never set foot on the North American continent. Left Erickson was in this country nearly 400 years before Columbus was born.

KINDNESS OF FRENCH EXTOLLED 1

Treated Royally

"Well-behaved Americans are treated royally throughout Europe and
especially in France," according to
Earl Hus Le Moine, past president of
the Native Bons of the Golden West,
who has returned to Los Angeles
from a visit to the continent. He
said yesterday the French people have
no feeling for America other than
gratitude and love.

Mr. and Mrs. Le Moine spent considerable time studying the origin of
the Franciscan Order and in visiting
the birthplace of Junipero Serra in
the little town of Mahon on the Isle
of Minjories. There they found a
memorial dedicated to Father Serra
by the Native Sons of the Golden
West.

SUGGESTIONS

What Women

Today the regular monthly meeting of the Rosemont Parent-Teacher Association will be conducted in the school auditorium at the luncheon hour, Mrs. Marie Evans presiding. Speakers will be the principal of the school, Edgar Marbut, Dr. Elizabeth Wood and Dr. Issac Ward. Mrs. Helen. Schomberg, accompanied by Miss Nelina Long, will sing.

Law;" Mrs. B. O. Holbrook, district chairman of Indian welfare; the club chorus under the direction of Mrs. W. D. Johnston, and Mrs. J. A. Smith, leader of current events.

University Book Club

Mrs. A. C. Wild, president of the Diversity Book Club, has charge of the program and will preside at the first meeting of the year the 11th inst. in the committee room of the University Branch Public Library.

Highland Park Ebell

Mms. Celeste Neflie-Byus, planiste, and Sol Cohen, violinist, will present the program this morning at the opening breakfast of Highland Park Ebell Club. The new president, Mrs. Carl A. Piath, will give her president's address before the musicale.

All THODITY

R. F. Foster to Give New Series of Lectures at Bullock's Tea Room

OTHING WRONG WITH BABY'S WEIGHT

AUTHORITY ON BRIDGE RETURNING

have his books translated into foreign languages.

Mr. Foster has made a very exhaustive study of the science of card games, having analyzed thousands of hands and has catalogued more than 10,000 hands. He introduced auction bridge to the American people in 1906. At that time whist being the popular game, little attention was given to the new game. Auction bridge today is the most popular game in the world.

The opportunity of getting the correct valuation of auction and contract bridge hands will be given to those attending Mr. Foster's lectures in a clear, concise way that will be understood by all.

The serving of tea following the lectures is a very pleasant finale for the afternoon.

# For Very Good Reasons~ Modern Women Prefer McCall Patterns

CCALL Patterns are as modern as the modern woman herself! In place of cryptic symbols punched in paper McCall Patterns have printed words. In place of diagrams and charts with intricate explanatory notes they have photographic pictures. In place of slip-shod copies of fashions reported from Paris they have printed reproductions of actual Paris models mathematically accurate. They are efficient. They are correct. They are amart.

They are modern! And they are keeping up with the modern woman. McCall styles come from Paris. Original models of French frocks are selected from the shows of the most famous of Parisian designers and reproduced in McCall Printed Patterns. It is actually true that the

woman who makes her own dresses may dress in French styles designed by the most exclusive houses!

The mechanical perfection of the pattern guarantees a perfectly constructed garment. The patterns printed individually from plates photographically reproducing the master pattern, cannot vary. The printed cutting line protected by the margin of accuracy (patented McCall feature) preserves the style lines of each garment intact. Names and instructions are printed on each piece of the pattern in English, French and Spanish.

We feel that the new McCall Printed Pattern department will be of genuine service.

THE McCALL QUARTERLY OF STYLES, issued in advance of every season with all the newest fashions in their every smartest development. On sale in the pattern section, 25c. McCALL NEEDLEWORK AND DECORATIVE ARTS, a magazine filled with practical suggestions for beautifying the home, for fine needlework and for smart accessories to one's own costumes. Also on sale in the pattern department, 25c.

UNBAKED FEUIT CAKE

I. M. W., M. C. L., M. B. S., S. J. N.,
R. L. S., B. M. R. Los Angeles, Cal.:

Chop fine two pounds each of seeded risins, seedless raisins, dates and English wainuts. Chop fine and add ense-fourth pound candied lemon peel, one-third pound citron and one-quarter pound candied cherries, one cupful strained honey, six tablespoonfuls pure cilve oil, two cupfuls bracked wheat, one teaspoonful each sinnamon, cloves, allaptic and nutber should not show any color the first ten minutes it is in the own. Have a very slow over.

ENGLISH MUFFINS

K. E. M., Hollywood: English muffins are baked on a griddle and not in the oven. To make shell the stand overnight, sext morning mix the other ingresients thoroughly together and put mit of saper, put on a heavy weight and st stand twenty-four hours, when it is ready to be used. This kind of pans limed with of saper, put on a heavy weight and st stand twenty-four hours, when it is ready to be used. This kind of pans limed with of saper, put on a heavy weight and st stand twenty-four hours, when it is ready to be used. This kind of fruit cake will keep forever if it were not so good. Its keeping qualities are due to there being no eggs. ugar or butter, hothing to become assed, the honey keeping it moist.

WAFFLES

I. M. W., Inglewood, Cal.: Be sure in have your electric waffle iron cood and hot before turning your watter in. Thy this recipe and see your waffles are not roog each the country level teaspoonfuls of sugar until light and smooth, sift two cupruls of four third of the batter. Let the batter raise to the top of the rims, turn with a panaled flour to make a drop batter. About we and three-quarters cupfuls. Let the top of the rims, turn with a panaled flour to make a frop batter, we have a disced on a bot griddle half full of the batter. Let the batter raise to the top of the rims, turn with a panaled flour to make a for the two cupruls of sulking powder and one

Young Brougher Called to Fill Brooklyn Pulpit

Paterson, N. J., and a son of Dr. J Whitcomb Brougher, has accepted the call to become pastor of the Baptist Temple of Brooklyn, N. Y., according to news received yesterday by his friends in Los Angeles. The Baptist Temple, with a membership exceeding 2000, has been made famous by the pastorate of such men as Drs. John C. Moore. Cortland Myers and J. C. Massee.

Mr. Brougher was educated in schools and tolleges in Los Angeles, and was ordained a milister at the Temple Baptist Church during the pastorate of his father. During the World War he served as chaplain, with the rank of first leutenant, with the rank of first leutenant, with the rank of first leutenant, war.

Anthropologist Tells Pasadena Club Southwest Only

Place to Study History of Humans

PASADENA, Oct. 8.—The American Southwest is the only place on earth where scientists can study the history of ancient man from the early periods of nomadic savagery through all the stages of his development to modern times, said Dr. Alfred V. Etdder, distinguished anthropologist, who addressed the University Club of Pasadena tonight on the subject of the history of man in America.

• there such a complete record as that

Luncheon Today for Ad Club Men From Bay City

ment of civilization as revealed by the relics of the Pueblo Indians and their predecessors in Arisona. New Mexico and near-by States, and sloo told of other Indian civilizations in Mexico, which were developing at the same time as the Egyptian and later the Greek and Roman civilizations of the Old World, but entirely independent of them.

An expedition of which Dr. Kidder was a member discovered the first traces of the earliest known predecessors of the Pueblo Indians. Archeologists call them the Basket Makers. They lived in caves and were buried in such a manner that nearly all of the implements they used were preserved intact to the present day.

MAYA PHILOSOPHEES

Succeeding races of Indians lived in the same region, and the history of these tribes over a period of about 4000 years has been uncovered by the relics they left, showing their development through basket-weaving, pottery, use of stone implements and the bow and arrow. Rowhere else is

CO-ED RUSH ENDS TONIGHT

More Than Hundred Bids Dispatched to New Girls to Become Members of U.S.C. Sororities

More than a hundred special-delivery letters will be delivered this morning to the homes of freshman co-eds of the University of Southern California as the climax of "rush week" which terminates in sorority pledging tonight at the various feminine Greek-letter houses of the Troy maids. Pollowing a seven-day series of social activities during which the members of the secondities entertained and became acquainted with the first-year college girls, the reciprocal celection culminates today with pledge night—when the secondity each separation of the can of women, where they falled out a blank stating there of the dean of women, accordity rushing at Southern California is governed by rushing rules outlined by Pan-Hellenic Council. After a week of intensive rushing a week of partial truce follows, during which communication and acquaintance-making is limited to conversation on the Trojan campus.

SLIPS HANBED TO DEAN
Last Saturday morning the spin-dents handed their lists to Dr. Mary Sinclair Crawford, dean of women, and all necessary checking and comparing with the registrar's list was taken care of. To be eligible to a social scropity a co-ed must be registered for at least exit units of work in the college of liberal arts, with all eurollment routine completed.

"Devil's Plum Tree" Treats of Dual Loves

Ruth Chatterton Depicts War Between Natures

Colton Play Unique, Bizarre in Its Setting

BY MARQUIS BUSBY

rights. Of all the writers who

al hunger in "The Shanghai Gesure."

Colton argues anew in "The Devil's
Flum Tree." which came to the Beasco last night with Ruth Chatterton as its brilliant star.

The personality of Miss Chatterton and the desire to see a new Colton ylay in advance of its New York
presentation drew a capacity audience. Something of a tribute to starand author, for there were other
glittering openings in town last night.

Perhaps the willful, passionate Mara
of the new play is not as real in her
struggle between the loves of a brigand and a priest as the blaspheming
but pathetic Sadie of "Rain," but
nevertheless she is a vitally human
evertheless she is a vitally human

haracter.
"The Devil's Pium Tree" is unique
ind bizarre at all times, intensely
tramatic on occasions, and lethargic
n action at others. There is the

"MY MARYLAND" IS INSPIRING

Barbara Frietchie Lives 'in Reincarnated Role Shuberts' Operetta Rich in

Color of Period Romberg's "Your Land and

My Land" Stirs Pulse

BY GRACE KINGSLEY The fierily patriotic Barbara Friet-chie grows younger and younger every day! Now, all rejuyenated, face lifted and everything, she has been set to music, and raises a divinely tunefu voice in "My Maryland," which opened at the Biltmore last night opened at the Biltmore last night. She was a play heroine some twenty years ago, you may remember, when she appeared in Clyde Pitch's "Barbara Frietchie," causing the play-goers of those day to gasp with delight as they beheld their venerable poetic heroine reincarcarated in a lovely, capricious young girl.

Barbara evidently has a lot of lovers besides the dashing Capt. Turnbull, to judge from the huge crowd which filled the Biltmore last night. For, shoot if you must their old gray heads, our elders simply will come out whenever there's anything doing theatrically about the Civil War. And even to a younger generation there is a tremendous thrill, when, seen through the colorful memories of our elders, and remembering the tales we were nourished on, those blue coats come marching in to the tune of the Rombergian idea of the stirring "John Brown's Body."

Ah, that rich and glowing music One must mention it first of all. Bomberg gave us a very lovely musical interpretation of "Old Heidelberg," in "The Student Prince." Now he gives—us an equal, lovely musical story of "Barbars Freitchle." And for the Drinking Song in the former, we have in "Barbars Freitchle." She was a play heroine some twen

# NEWS OF SOUTHERN COUNTIES:

# DEATH ENDS

Charles A. Barlow Dies at

Bakersfield

Second Heart Attack Proves

Fatal

Was Prominent in Business

tion Association and one nty's best-known citizens, orning at his home here sudden heart attack. Mr. gone to Watsonville the bring his daughter, Mrs. Woodworth, here for a day evening, upon retains and a local physical. This morning.

Barlow was born in Cleveland, in 1838, and the larger part of fe was spent in California. For years he made his residence in Ira and subsequently in Ban Obispo county, and in the early tes he was elected as a member as Assembly from that district, as for two terms in the lower at Sacramento. In the excit-senatorial campaign which red in the election of Stephen M., Mr. Barlow took an important and eventually it was his vote gave Benator White the victory. Barlow's record in the Legister was not been senated by the control of the cold of the save Senator White the victory.

Mr. Barlow's record in the Legisture won for him the attention of a people of the old Sixth Congress, bethe won for him the attention of the people of the old Sixth Congress. The was nominated for Congress, bethe choice of both the Demonite and Populist parties. He was seed against Congressman Mechian, and in a spectacular camigin he schieved victory. In Washigh he schieved work was in concition with the building of a harral at the scripture of the schieved as late to Mr. Barlow as one of a men to make it possible for Los in the early ninetics. Mr. Barlow in the last of the suncters of the Twenty-five Oll mpany and through his connection the that and other enterprises he hieved a substantial fortune. Very ortly after opening an office in the late W. H. Hill, which was solved only at the death of Mr. Il in March of this year. The rehership was a unique one, beginning an office in the late W. H. Hill, which was solved only at the death of Mr. Il in March of this year. The rehership was a unique one, beginning an office in the late of Mr. Hill, Mr. Barlow still intimued the business under the me of Barlow & Hill.

Mr. James C. Angle, wife of a me yerbal understanding. At the San Marcoe Building, is suing for wife, Mrs. Angle's attorneys with Mrs. Mostlero in her Supreme Court, where the sward of the commission's under the bearing of claims made to the janitor's wife, Mrs. Angle's attorneys with Mrs. Mostlero in her Supreme Court case.

OPEN SEASON FOR **ORIENTAL GAMBLERS** 

DINUBA. Oct. 5. — Raids conducted by local officers over the week-end brought thirty-five Chinese and Filipinos into the drag net when gambling dens in local chinatown were forced.

Entry, was made with crowbars and the inmates were dragged from under ber's and other hiding-places. Cash in the amount of \$2000 was found on the tables. The Chinese proprietors were arrested and their ball fixed at \$1544 by City Judge W. J. Minville. City Marshal Stanley Fullaid and Constable A. L. Hicks were assisted by Deputies Ben Curand Carl Ensign from the Sheriff's office and by local deputies.

## CHECK PASSER TO

SPEND YEAR IN JAIL CHINO, Oct. 3.—Prederick A. Hayes CHINO, Oct. 3.—Prederick A Hayes, youthful worthless check passer nabbed in this city recently after he had blazed a trail over Southern California with bank paper that had no value, will spend one year in jail, says he plesded guilty in Superior Court to the charge of passing a bad check, and asked for probation, which was granted him, following his agreement to serve a year in jail voluntarily. Hayee's downfall started when he won \$4000 gambling, while he was a quartermaster on an ocean liner, he told police. He started in to see Hollywood on his winnings, and before he realized it, he was broke. Then he turned to the check-passing game and succeeded fairly well in his efforts.

TULARE, Cct. 3. — Preliminary to organization of a Tulare County Music Club a meeting will be held at the Woman's clubhouse this evening to sulect a general chairman, secretary, treasurer and a program chairman for the approaching concert season. Organization plans and a tentative program for Your concerts will also be considered. Officers will also be considered. Officers will also be considered. Officers will also be considered from Tulare members and one from each community represented in the club. COUNTY MUSICAL CLUB

VENTURA. Oct. 3. — Swooping down in a surprise raid over the week-end, Sheriff's officers returned to the County Jail with eight women and four men arrested in five Oxnard houses.

The even dozen victims were charged with various counts, the majority of which were possession of liquor and operating alleged disorderly houses.

Those who were taken in the Sheriff's net were: Lucy Hicks, Mrs. Jean Kennedy, Albert Villegas, Alberta Lee, Marie Flores, Irene Bustamante, Mr. and Mrs. W. S. Trimby and Albert Gilbert, Josephine Villegas and two John Dose. All were brought before Judge Malvern Dimmick in the Justice Court this morning to face their charges, and only a few pleaded guilty. They will be sentenced later.

MAKES BEVERAGE

VISALIA. Oct. 3. — The merry ringing of the bells and the cheer-ful chimse of the "old town clock" will be heard one again in Visalis, if wishes of club women of the city are realized. A movement has been launched by the Pioneer Club of Visalia to return the old town clock and school and church bells to their former sway. An effort will be made to enlist aid of the Men's Bervice clubs in the campaign.

It is understood that only one behurch in Visalas summons its members to worship with the ringing of the bell; although bells still remain in their belireys. The "old town clock" disappeared with razing of the old National Bank of Visalia Building for the new Bank of Visalia Building for the passed and could be restored and redecorated if a suitable

Each year, each individual club is to publish a book of verse, written by trudents of its college, as the local school has done for the last two years. The best verse from each book will then be included in a larger volume, to be known as "The Anthology of Student Verse."

Weathers Short 130-Mile Gale Shortly Afterwards

The Dollar globe-belting liner Pres

The Dollar globe-belting liner President Hayes, in with passengers and freight from New York yesterday, passed through a fire first, followed immediately by a hurricane en route up from Panama, according to Capt.

J. J. Cadogan, and escaped luckily from both. He thus lived up to his long-borne sobriquet, "Pairweather" Cadogan.

The blaze was discovered at 2 am. september 29, when a quartermaster observed a Chinese seaman picking up his feet with more alacrity than usual. Investigation revealed hot plates atop the refrigeration hold aft prompted the lively stepping. As the ship was only fifteen miles seaward from Mansantilo, Capt. Cadogan put into the port, and his chief engineer applied steam. extinguishing the blaze within thirty minutes.

PRENCH LINE PLANS

ADDITIOS TO SERVICE

Three combination passenger and freight motorahips of 10,500 tons each will be built by the French Line for the Pacific-European service, it for the Pacific-European service, it was learned yesterday, simultaneously with the arrival homeward bound of the market, it is a state of the prench Line freight steamer Zenon, Capt. I. Nabucet commanding.

Details concerning such construction are expected upon the arrival homeward bound of the French Line, who is making a tour of Pacific Coast ports in company with Pierre De Meiglaive, American and Canadian manager at New York and Canadian manager at New York for the line. They are expected in their private car from San Francisco for a converence with Capt. H. H. Birkholm, local manager for General Steamship Corporation, Coast agents for the French Line.

The service so far has been a developing cargo affair, augmented from time to time by a dditional freighters to accommodate increasing business. The contemplated augmentation by a trio of passenger carriers opens up a new field here for the line, although they have some of the greatest liners on the Atlantic, plying to the lines in the proper state of the lines and have allocated about 1820,000,000 for six more alina, in COCATION OF BERTHS
